

# AI Candidate Evaluation Report

## Candidate GitHub: Farhan8012

ATS Match Score: 95%

Semantic Score: 14.2

### Matched Skills:

Python, FastAPI, React, SQL

### Missing Skills:

Docker, AWS

### AI Developer Scorecard:

Farhan8012 shows exceptional promise as a backend developer. Their use of FastAPI and Python demonstrates a strong understanding of modern API design. To reach the next level, they should focus on containerizing their applications with Docker.
